

2025 IBSA Women's Blind Football World Grand Prix in Umekita

Dear Friends in Blind Football,

Jan 2025

We are honored to send you this invitation for the "2025 IBSA Women's Blind Football World Grand Prix in Umekita".

This tournament is very important for the women's blind football, which is aiming to be an official event at the Los Angeles Paralympics 2028. With countries from various continents participating, this will be a big appeal towards LA2028.

The tournament will also be held on the same schedule and at the same venue as the men's blind football tournament. By holding the tournaments together, we hope to create a great movement for the women's blind football.

As the LOC, we are also working to reduce the entry fee to make it easier to participate. Let's work together to make the tournament a success and move forward towards making it an official Paralympic event.

If you wish to participate in the competition, 1st entry form, expression of interest, should be returned to us by **17th Feb 2025**, in order to present your interest to participate in the games.

If you have any questions or need further information, please do not hesitate to contact us. We look forward to seeing you in Japan next spring.

Sincerely Yours,

Eigo MATSUZAKI

Executive Director, JBFA; Japan Blind Football Association

The following is a notice from the classification committee.

Visual Classification

Classification days are May 18th and 19th 2025.

Please read all below and prepare your team for Classification according to the rules. Players must become familiar with rules and procedures of IBSA medical classification:

(<http://www.ibsasport.org/documents/files/68-1-IBSA-Classification-Rules-and-Procedures.pdf>).

Submission Deadlines

1. **The First Deadline for Submission** of a **Request for Classification Form** (by email to ibsaassist@ibasport.org) and for uploading athlete MDFs and supporting medical tests in ISAS is **February 18th, 2025**. Submissions received by this deadline will be given first priority for allocation of a classification assessment slot at the competition. Athletes will be assigned a classification appointment only after the MDF and supporting medical documents have been approved by the classifiers as establishing an UHC (Underlying Health Condition)

2. Second Deadline: Submissions received after the first deadline (**and by April 6th 2025**) will be allocated a classification slot if available, on a first come first served basis. Athletes will be assigned a classification appointment (if available) only after the MDF and supporting medical documents have been approved by the classifiers as establishing an UHC.

Submissions received after April 6th 2025, will not be reviewed by classifiers or considered for this competition.

Medical Diagnostics Form (MDF) and other required medical diagnostics documentation must not be older than 1 year. Final second deadline for MDF is April 6th, 2025.

The Classification Process is as follows

The first step in the classification process is to establish that the athlete has an ***Underlying Health Condition (UHC)*** that leads to an eligible vision impairment. This is done by classifiers who review the athlete's Medical Documentation Form (MDF) and supporting medical documents. This review takes place before the athlete is assigned a classification evaluation appointment. If the information is not complete, or there is not sufficient evidence of an UHC leading to an eligible vision impairment, the athlete will not be scheduled for a classification appointment.

1. Once a UHC is established, the athlete can be scheduled for a classification evaluation appointment.
2. At the classification evaluation appointment, the classification panel will
 - a. confirm (or not) the UHC,
 - b. if the UHC is confirmed, the classification panel will proceed with a vision assessment to determine

- i. if the athlete meets the minimum impairment criteria,
- ii. assign a sport class and sport class status to the athlete

Only athletes competing in this event can be classified.

IBSA ISAS online registration of players:

All players participating in the event must be registered in the ISAS database and have a current ISAS Active Sport License for **2025** and IBSA Athlete ID

Entry by number on IBSA ISAS will be from February 13th to March 13th 2025.

Entry by Name on IBSA ISAS will be from March 6th to April 6th 2025.

Anti-Doping Control

The event is subject to random doping tests in accordance with IBSA regulations. Athletes should refer to the IBSA Anti-Doping Policy.

Any athlete taking medication subject to doping control must be in possession of a valid IBSA **Therapeutic Use Exemption (TUE)**. For information on IBSA's anti-doping policies and how to apply for a TUE, go to www.ibsasport.org/anti-doping. For more info you can contact Juliana Soares at juliana@ibasport.org
